Foreword

We, the Senior Class of Nineteen-Hundred Seventy Three, present to you this volume of the SENIORGUE. We have endeavored to paint our expressions of life about this memorable year in our beloved school. With these pictures we have tried to portray the year in such a way that the faces and the expressions may be a cherished memory for each and every one. In the future we will look back through these pages and see the faces of our past and compare them with our present. We may find ourselves experiencing adventures others endured in our past. May this comparison help us in our expressions of life in the future, allowing us to live and love to the fullest. May it also help us remember the time of our life, Nineteen-Hundred Seventy Three.

Dedication

The 1973 SENIORGUE is dedicated to Mrs. Rayna Lester. She taught most of us as Juniors - many of us several times. Her warm and spirited personality helped make all her classes interesting. She helped each of us appreciate and accept our need for education a little more.

As sponsor of the cheerleaders, Mrs. Lester spent many extra hours helping her girls to be brighter, louder, and more high-spirited. We're sure that all who have been cheerleaders agree that she was more than a sponsor. Her feelings for the girls were shown by P. J. parties, small gifts, and just being there to help solve any problems. The Seniors wish to express their thanks and love.

All the Seniors wish to express their appreciation for Mrs. Lester's help with our Junior-Senior Prom. She helped and guided us many nights when our sponsor could not come.

We will always hold a warm spot in our hearts for Mrs. Lester. She's our type of person!

Class History

During our Freshman and Sophomore years, our classes were divided. Mr. Williams decided that fifty-one Freshmen in one room just wouldn't work. Or maybe the teachers had a say-so about that, too! Whatever, Mrs. L. Thomas ended up with the girls, and Mrs. Wall was in charge of the boys. We still do not know whether Mrs. Thomas and Mrs. Wall flipped coins or drew straws! Either way, both had their hands full.

Mrs. Cannady and Miss McCullen divided us our Sophomore year. Our boys really gave Mrs. Cannady a time. Miss McCullen and we girls were shocked to see a boy slip into our room from time to time, trying to get away from Mrs. Cannady! The Lord only knows what he had done.

The boys and girls finally got together our Junior year. Forty of us, along with Mrs. Godfrey, were packed into a trailer! We really had a blast that year. We sold over $1, 800 worth of magazines which helped make our Hawaiian prom a success! Our Junior year was definitely one of our best.

We entered our Senior year with thirty-eight members. Each of us had matured and realized the importance of our education from our past years together. Even though each of us must part and go our separate ways, we'll always remember our Senior year as we were guided by "Mama Worthington!" We'll always share a deep love for her and for each other.

As we leave and go our separate ways, may God bless and be with each of us. And God bless "Ole Broadway High" forever!

Debbie Nordan

Prophetic Expressions

The year is 1993 - twenty years since the Class of 1973 entered the challenging portals of the future. Varied interest and abilities carried the "Roaring Thirty-six" to many fascinating parts of the world and each place has changed.

1. Broadway has grown tremendously in the past years. PAT ARNETTE is now the head of the Maintenance Department for the city of Broadway.
2. People pretend to be sick just to have DARLENE BLUE nurse them. The local hospital is very proud of Nurse Blue's outstanding record as the Head of all Nursing Departments.
3. DEBORAH BOGAN made headlines by becoming the first lady Secretary of the Navy. She wanted special privileges for a dear friend and this was the only way she could get the matter attended to.

CAREER CORNER Employment Agency Helpful

A job-hunting friend surprised me last week when he said, "No, I haven't registered with any private employment agencies. If I can't get a job on my own, then I'll go to the agencies."

His "agencies are a last resort" attitude suggested this might be a good time to point out that a smart searcher starts his job campaign at a good private employment agency, or better still, at several agencies.

— Most applicants have little skill in job seeking. An agency's job is job seeking. The placement counselor is a specialist in providing an instant job market because he (or she) is in the job market all of the time.

— The placment counselor "markets" your ability. Most applicents do not know how to "sell" themselves in any realistic way, tending to be too modest, or brag. The agency is in an objective position and can speak much more strongly about an individual to an employer than can the applicant.

— The agency refers you to a specific opening, at an appointed time, eliminating pavement pounding. And where no job is readily apparent, it's the placement specialist's job to develop one.

By
Joyce
Lain
Kennedy

— An agency can bargain trade-off factors, much as an attorney represents you. Examples: experience for education; ability of potential for experience. An agency can also assist you in salary negotiations.

— A trained placement counselor can uncover uncommon potential in an applicant, unknown even to the applicant. And, an agency usually gives you tips on dress, attitude and interview techniques — all crucial in the interview encounter.

— The placement counselor checks back with employers after your interview, and is often in a position to overcome objections which would probably not be stated to you.

An employment agency can be compared to a shopping center, one which stocks a cavalcade of career opportunities. If the employer pays the fee, the merchandise (services) cost you nothing. If you pay the fee, the cost may be modest when compared to weeks or months of unemployment without wages.

You are one of my favorite teachers. I have enjoyed being in your classes these past two years. Besides being a good teacher you are a good sport. You can take all our teasing about Malcolm and still laugh. Thank you for all the help you have given me.
